Hi Kristine,

That's great! I'll take the lost and found ones since I have the other ones on my desk. Eugene just came up with the ones he got from you and is checking off the missing ones from his list. I will create accordion folders for them and keep them in a file on the 19th floor. Thanks for coordinating with BSEE.

Hello, All - Found the FedEx box on my chair, and it indeed contains all of the missing files except the ones James sent electronically (Elly, Ellen and Eureka) and the one remaining missing DMR (Hondo – June submittal). Who wants it?

As a side note, the fact that we are missing most DMRs submitted to EPA under the new permit suggests that there is a major issue here with mail handling. We should definitely send that letter out to the permittees clarifying how they should be reporting and directing their submittals. But we also need to find out what other issues exist that could cause so many files to disappear in so short a time period. Obviously, the situation is very concerning; after all, these are facilities we directly oversee. How can we fix this?

This is good news! Especially if we can verify that we now have a complete set of what is due.

That's what I get for going through old emails out of order... here are some of the missing DMRs. Looks as though he also FedEx'd some additional ones to me in hard copy. They may already be on my chair or in my inbox. They were sent Thursday.

Good morning,

So some good news! Now that I'm looking at the list correctly, I've found much more useful information, in the form of DMR's. :-)

I've located all except for the March-May Platform Hondo DMR. I'll see about getting these in the mail to you today, and attached is the Q1, CY14 DMR for Beta Offshore platforms Elly, Ellen, and Eureka.

Hi Kristine,

Here's the 2Q DMR's for Beta Offshore. I'll be sending via FedEx the remaining files I've found, they are:

Q2 Platform Harvest

Q2 Platform Harmony

Sadly, I haven't found much. We haven't received anything for July yet, and Veneco doesn't usually send us DMR's unless requested. We have Hogan and Houchin, but only up until May 30th.

Could I get a good mailing address for you please? Thanks!

R/Jim
